Benjamin Davenport

Education

Magnolia High School — Magnolia, Texas

Expected Graduation: May 2027

- Intended Major: **Aerospace Engineering**
- Weighted GPA: **5.0382**
- Unweighted GPA: **3.8182**
- Class Rank: **37 / 551** (Top 7%)

Honors & Awards

National Honor Society (NHS)

5th Place – UIL Computer Science Invitational

Technical Skills

Programming Certifications: Python, Java, JavaScript

Artificial Intelligence: Ollama, Whisper AI, Vision Language Models (VLMs)

Software: AutoCAD (Certified), Blender, VS Code, Git, Maya, Revit

Operating Systems: Windows, Linux (Ubuntu)

Additional Skills: 3D Modeling

Technical Projects

AI Minecraft Highlight Analyzer

- Designed and programmed a Python application that automatically analyzes gameplay recordings using AI.
- Integrated Whisper for speech recognition, custom log parsing, and locally hosted large language models through Ollama.
- Automated the identification and ranking of key gameplay moments, significantly reducing manual video-editing time.

Voice-Controlled Scientific Calculator

- Developed a Python-based calculator capable of interpreting spoken mathematical expressions.
- Implemented support for advanced operations including trigonometric functions, logarithms, exponents, and fractions.
- Designed the application to improve accessibility while strengthening software architecture and problem-solving skills.

AI Gameplay Coach

- Built an AI coaching system that captures screenshots during gameplay and analyzes them with locally hosted vision-language models.
- Generates feedback on player positioning, decision-making, and gameplay habits to help improve performance.
- Combined computer vision, automation, and AI inference into a complete end-to-end application.

Leadership & Activities

UIL Computer Science Team

National Honor Society

Employment

IT Coordinator/Sales Associate

Poppy Lou's | August 2024- Present

- Responsible for the maintenance and upkeep of the website
- Photo/Video Editing for social media
- Assist customers and drive sales

Kitchen Team Member

Chick-fil-A | August 2025 – March 2026

- Worked in a fast-paced, team-oriented environment.
- Maintained high standards for food quality, cleanliness, and efficiency.
- Developed strong communication, teamwork, and time management skills while balancing academics and extracurricular activities.

Community Service

Completed approximately 36+ hours of volunteer service through school and community organizations.

Interests

- Aerospace Engineering
- Artificial Intelligence
- Software Development
- Space Exploration
- Computer Hardware
- Piano
- 3D Modeling
